DOB 04 Jan 1986 (Indien)

<https://prerna49.github.io/Prerna-CV/>

I am a goal-oriented, highly motivated and a positive UX/UI Designer. I love to work on problems and provide a creative and simple solution.
I am fluent in written and spoken English besides having a good knowledge of German Language (B1).

EXPERIENCE

UX Designer/ COMIDAS FOR FAMILIAS, USA

Apr 2020 - bis jetzt

Presently, I am working as a volunteer UX Designer for a non-profit Organisation which works for people to reduce the food wastage. It is based in the USA and I have helped them with the redesign of their website. Based on my performance I have also working with a developer on a mobile applicatio named 'Ample'.

Research Assistant / University of Hohenheim, Germany

Jan 2019 - Dec 2019

I developed protocols, performed Experiments and maintained records for all the experimental data.

UX Designerin/ KAIZEN HAUS PVT. LTD, India

Juli 2017 - Dez 2018

My responsibilities were to gather user- stories, empathise with them and create personas. Create site map, determine user-flow and design wireframes.

SUMMARY

I am self-taught UX/UI Designer with a passion for creative solutions. I like to concentrate on the details of the design while taking into account the emotions of users and needs of the business owners. Simple, intuitive designs are my key strengths. I have an organised, structured and analytic work frame which helps me with deadlines. I love to work in a team along with my ability to take up responsible roles when needed. In my free-time, I love to do painting or Surfing internet. This helps me to stay creative and sometimes shows me different perspective of a complex problem.
